

## Digital Tachographs

This is a 3.5 hour long course which has been created for the Driver CPC qualification by Driver Link Training with the Qwizdom system integrated within the course for a more enjoyable experience. This course has been specifically designed with a 'hands on' experience on how to use the Digital Tachograph machines in the correct way. However, these machines can be very complex to use but easy once you know how! The aim to this course is to teach you just that.

Qwizdom is an award-winning developer of interactive learning solutions that enhance presentation deliverability and user engagement. Driver Link Training have the exclusivity to use Qwizdom, KGS Recruitment Services are an approved consortium member so it stretches out to them. The Qwizdom has become a useful learning tool, which will enable the course delegates to get the best out of the course.

However, there will be time for questions to be asked during the course, if you want to know more.
