

Drivers Hours, WTD and Defect Reporting

This course is 3.5 hours long and has been written by Driver Link Training as part of a bigger collection of courses for the Driver CPC qualification. The Qwizdom system has been integrated within the course for a more enjoyable experience.

The course has been designed to give experienced drivers a refresher in the rules and regulations, but is equally as appealing to the newer drivers. Rules are constantly changing, and it is important to keep in touch as a recent course proved a driver of 50 years had very little knowledge due to changes!

Qwizdom is an award-winning developer of interactive learning solutions that enhance presentation deliverability and user engagement. Driver Link Training have the exclusivity to use Qwizdom, KGS Recruitment Services are an approved consortium member so it stretches out to them. The Qwizdom has become a useful learning tool, which will enable the course delegates to get the best out of the course.

However, there will be time for questions to be asked during the course, if you want to know more.

Course Summary

- Why the Regulations are in Place
- Exemptions
- Definitions and Terms of Use
- Detailed explanation of EU Drivers Hours Regulations
- Detailed explanation of Road Transport Working Time Directive
