

The Highway Code

This is a 3.5 hour Driver CPC course, which has been written by Driver Link Training with Qwizdom system integrated within the course for a more enjoyable experience.

This course may be one of the most single important courses in our opinion. We all use the roads daily and note that it is very surprising how many road signs we fail to acknowledge or understand the meaning of. This is a very interactive course, which will refresh your knowledge of The Highway Code.

Qwizdom is an award-winning developer of interactive learning solutions that enhance presentation deliverability and user engagement. Driver Link Training have the exclusivity to use Qwizdom, KGS Recruitment Services are an approved consortium member so it stretches out to them. The Qwizdom has become a useful learning tool, which will enable the course delegates to get the best out of the course.

However, there will be time for questions to be asked during the course, if you want to know more.

Course Summary
