

Safe Vehicle Loading

This Driver CPC course is 3.5 hours and has been written by Driver Link Training with Qwizdom integrated within the course for a more enjoyable experience. The course has been designed to refresh drivers on various means and methods of securing their loads and the consequences of not doing so in the correct manner.

Qwizdom is an award-winning developer of interactive learning solutions that enhance presentation deliverability and user engagement. Driver Link Training have the exclusivity to use Qwizdom, KGS Recruitment Services are an approved consortium member so it stretches out to them. The Qwizdom has become a useful learning tool, which will enable the course delegates to get the best out of the course.

However, there will be time for questions to be asked during the course, if you want to know more.
